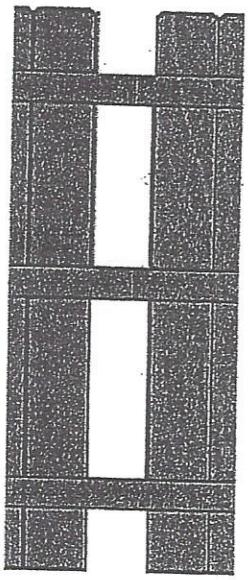
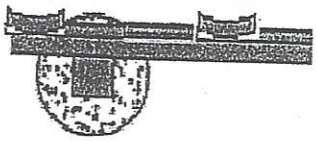
At Fence City We Custom Build Our Wood Fence Panels.

We Use 2 Nails on Every Board On Every Backing Rail!

The Competition





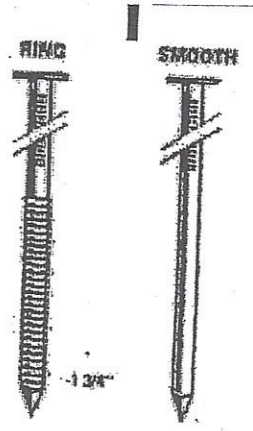
Top View

1 Nail per Board leads to Warped, Loose, and Cupping boards, and that leads to Missing Pickets!
Why settle for poorly made fence?

This Means Every Picket on Every Section
Gets at least two Nails!

We Only Use
Ring Shank

in the manufacture of our
wooden fences.



Ours vs. Theirs
